Steve Williams

Ischool Company

87 Delaware Road

Hatfield, CA 08065

Dear Mr. Williams , I am writing to apply for the Coding Instructor position advertised in the Times Union. As requested, I enclose my certification, resume, and references.

I have a strong background in both education and software engineering, along with a passion for teaching coding concepts

I have gained extensive experience teaching coding concepts and programming languages, particularly Scratch and Python, to students of varying skill levels. I have a proven track record of providing personalized guidance and support to help students overcome challenges and improve their coding abilities

My educational background includes

- A Bachelor's degree in Computer Science and AI from Helwan University
- Programming languages such as Java, C++, Python, and JavaScript
- Web technologies like HTML5, CSS3, and JavaScript.
- I also have experience with database management using SQL and version control using Git and GitHub.

I am exited to the opportunity to work at iSchool Company because of your commitment to providing high-quality education and innovation in the field of technology.

Thank you for considering my application.

I am excited about the possibility of joining your team and contributing to the success of your teaching programs. I am available for an interview and can be reached via email at [john.donaldson@email.com](mailto:john.donaldson@email.com)
